WITAM... WAWA...
2017 FIND WARSZAWA (VAR-SHAH-VA) & WARSZAWO TO YOU PEOPLE...
barreling heading into the future at a pace that no one has expected & even the locals can't keep up with. Business is booming, Bass Music's pumping, tourism's buzzing, the ART SCENE'S amazing;

Just one look at the SCHIZOPHRENIC SKYLINE & the impossible clash of architectural styles is enough to get you eyebrow raising... follow that brow & burrow a bit deeper because the best bits are bubbling just below the surface & under a bush just round the corner!

ALTERNATIVE URBAN CULTURE is the name of the game & even if it wasn't your yume, this BIG town is your Lion to tame. Wild beaches (spell check) all night boat bashes, Praga squat crashes, cross-town bike dashes & more stylish strangers to befriend...

GET YOUR 'W' ON GO GO GO!
...no matter how hard one may party... there is no separating modern Wawa from its tumultuous & tragic past. Every which way you turn there are physical reminders of what once was & never again shall be... ransacked by Russians, swashbuckled by Swedes, tortured by Turks, blitzed by Germans or trampled by Tatars. Still no matter how heavy the blows or deep the wounds - Warsawians have always fought back & rebuilt this great city again & again over & over. Like

IN FACT THERE are numerous criss-crossing-contradictory myths & legends - involving combination of

MERMAID & fisherman, twin babies, a prince/king & some kind of premedieval mischief. As one story goes: ...Fishesman named WARS threw his nets into the waters of the VISTULA RIVER... He tossed the nets deep & when he went to retrieve - how couldn't believe - there was a WET WENCH. But also a dame she was not, for she wore a tail with FISHY scales. **SAWA** is her name, she turned out to be tame & was

ONE HELL OF A CATCH
Wars fell head over heels & Sawa couldn't contain the blush of her gills... **WARS-SAWA** is the City upon which love is flourished...

18TH CENT
...Troubles continued with the Great Northern War & Poland's enemies & allies march their armies up'n down the country attacking Warsaw every now & again - traditions... Things improved slightly with

KING STANISLAW (Stanley) in 1764. He was a GREAT TALKER, DIPLOMAT & ahem... **LOVER** ... He proved to be a flexible negotiator & it was on his watch that Poland was partitioned not once but twice but three times... **BY 1795 POLAND NO LONGER EXISTED ON ANY MAP**... :-)-

19TH CENT
We started out as a puppet Capital city first in Prussia, then Napoleon's France & finally the **RUSKIES**...

A LONG 100 YEARS
In 1830 & 1863 uprisings against Russian rule brutally stopped by police ...Despite oppressive occupation Wawa continued to grow & thrive actually was the third biggest city in the Russian Empire (yay...).

20TH CENT
We started out as a puppet Capital city first in Prussia, then Napoleon's France & finally the **RUSKIES**...

THE UNDISPUTED EUROPEAN CAPITAL OF CENTRAL EUROPE...
Recently voted #1 Museum in Europe, POLIN - The Museum of the History of Polish Jews (E1). A fascinating walk through the complicated in's & out's of Jewish & Polish history, it is also an AWESOME architectural landmark & a must-see attraction. It is also a must-see attraction. The Katyn Museum in the Warsaw Citadel (C1) tackles one of the darkest chapters of Poland's excessively tragic WWII history - the Katyn forest massacre of thousands of intellectuals at the hands of the Soviets... Heavy stuff but well worth the hike up town (Kufle & Kapsle Sawn is right across the street from the Citadel for a decompression draught or two)

THE TWENTIETH
Twenty, Twe, 20th, 20, 2... We could easily devote the rest of this here map to just a few of the devastating events this city endured during that (another) crazy era... WAR SAW WARSZAW... WORSE OFF... WAR SAYS SORE...

THE PALACE OF CULTURE (PKIN) (E4)
...The ultimate architectural icon, unmistakable Communist grand style... towers over the city like a sore thumb... an increasingly modern skyline. Comrade Stalin built it to symbolize Polish-Soviet 'friendship'... The building's symbolism is predictably gone... The name 'STALIN'S PENIS' *Stalinska chuja - Fiat stalinyski* These days the Palace is literally bursting. It's truly a living breathing beating heart of the local life!

THE WARSAW UPRISING MUSEUM
...important to city & indeed country. On August 1st 1944 an operation was launched by the Polish Home Army to liberate Warsaw from Nazi control. Warsawians wanted to free the city BEFORE the Red Army got here (yeah, they knew what was coming...) The action was meant to last 48 hours... things didn't go according to plan... the rest is as they say history. This is a must see!

THE PALM TREE
Rondo Charles De Gaulle-Ul. Jerozolimskie (F4)
This tropical tree is a local illusion... artist Joanna Rajkowska installed this fake fauna in 2002 to draw attention to the historical significance of the street on which it stands - Jerusalem Avenue, a silent symbol of Warsaw's Jewish past & a point of furious debate for most locals... ask around... love or hate it, there it is just blowing in the wind ...

THE WARSAW GHETTO
In October 16, 1940 the entire Jewish population (cca: 400 000) were sent to the newly built "Large" & "Small" Ghettos. By the end of 1942 half of them had already died/deported to a "Treblinka". 1943 January the Ghetto began to fight back... until the end of April when the Nazis crushed the rebellion by burning down every building in the Big Ghetto... but you can see remnants of the Little Ghetto wall at: 55 Sienna St. (D4). There are also intricate plaques & a stone pathway wrapping around the city marking where the Ghetto walls used to stand. There are memorials along the path in: Umschlagplatz at 10 Stawki St. - transport hub from Ghetto to Treblinka. The wall also leads to the Jewish Cemetery at 49/51 Okopowa St. (C1). This is one of the oldest Jewish Cemeteries still functioning

FRYDERYK CHOPIN (1810-1849)... The man the myth the immortal poet of the piano... Number 1, WARSZAWA'S FAVORITE SON (the airport?) & he's in close race with Pope JP II most famous Polish of all time (can't possibly be Beatified?)... Young Frycek (Freddy) began studying the 88 (keys) when he was 6 & by age 7 he was already composing HIS FIRST POLONAISE (roll over Beethoven)... By age 10 he was performing in the royal salons entertaining Kings, Czars & that lot... He continued his stunning artistic life in Paris where he did die of TB. He was buried there, but his heart got cut out & smuggled home by his sister... it keep the beat in Holy Cross Church on Krakowskie Przedmieście (F3) & the Museum is in the Ostrozi Palace. (G4) a most modern, interactive museum & it is the epicenter of Chopin scholarship... i.e. **Chopinology** :-)

Fittingly he played Chopin's Nocturne in C sharp minor on both occasions... poetic continuity.

Random acts OF SHRUBBERY
more than 30% of the city is UNDER COVER OF GRASS ...

OGROD SASKI (E,F3) the oldest park & just look at that swastika fountains, gazebo, sun dial, palm hour, & statues standing enchantingly... it's hard not to feel romantic. (Hey you... no drinking in the fake lake)...

PARK ŁAZIENKOWSKI (Royal Parks)-(G,G6): 3palaces (one floating on a lake), 2 temples, a botanical, Roman Orangeries, Contemporary ART GALLERY, ASTRONOMICAL OBSERVATORY... & one serious student of Chopin in the word (with Free Live CONCERTS daily!)

PARK PRASKI - (H1,2): There are bears in there... so Be!er waw. REALLY! Actually a lot of wild animals hanging around...

THE ZOO... !! Is it really safe to have animals so close to this much alcohol?? (& I AM NOT talking about the monkeys now you know ;) ... Cuz I wanna be like you u u ...

OUTDOOR SPACES IN STRANGER PLACES...
In the last few years Warsawians have grown bored of bars & clubs with walls... Once the weather turns at all SUNNY - the city's urban landscape becomes covered in outdoor alternative nightlites. Beach & boat options... & huge outdoor venues are slowly taking over many of Warsaw's wild river wats

TEMAT RZĘKA This new beachfront venue between the National Stadium and the Wisłuta is perched on a vast spread of uninhabited river front forest. Expect crazy live music and dj parties not to mention bonfire bikini frisky bbq disco... under the Poniatowski bridge & down the rabbit hole.

OLD TOWN SQUARE etc. Rynek (G2)- Another Elephant in the increasingly crowded room of elephants... It's a difficult topic because... Gorgeous & historic originally built in the 13th C... then the Nazis retreating during the WARSAW UPRISING absolutely leveled the Old Town & left a sea of rubble. Over the last 60 years the square has been restored... cookie cutter perfect. It is almost a strictly Tourist only zone... A quick walk around takes only about 30 mins. We especially suggest hanging around on the wall overlooking the Wisłuta...

OLD TOWN SOUTH
Stretching from the Old Town South to the Łazienkowski Bridge (H3,4,5) student district filled with green & populated by more & more of the most interesting spots in town... Down by da River... the longest bike paths in the city right down the middle...

THE LEFT BANK take an early evening round south from the Copernicus Museum (north they is still tidying up) Restaurants, clubs bars & open air discos strewn up & down the coast... **WARSAWA POWISLE (H4)** a must see modernist bad ass disco with open air concerts & happenings on the weekends... **WWW.WARSZAWAPOWISLE.PL**

ZACHETA CONTEMPORARY ART GALLERY pl. Małachowskiego 3 (F3) Tues-Sunday 12.00-20.00 (Thurs/Fri) ...most interesting... & famous in Poland... new exhibitions, many different mediums & expressions. If you make it here you can make it anywhere...

THE ROYAL CASTLE (G2) www.zamek-krolewski.pl Mon-Wed & Fri-Sat: 10.00-18.00 Thursday till 20.00 & Sunday 11.00-18.00. Entry free-of-charge... This was the seat of Royalty & the capital of Poland from the 16th C until the end of 18th C. The Castle houses several museums & the Royal Gardens (with an amazing Abakano-wicz exhibit) all of which are worth visiting. You will gain a much deeper appreciation of Contemporary Warsaw & Polish history... you need that!

The COPERNICUS SCIENCE CENTER (H3). Wybrzeże Kościuszkowskie 20 Tues-Fri: 9.00-18.00, Sat-Sun: 10.00-19.00 www.kopernicus.org.pl It's far & away one of the most interactive & enjoyable museum experience you may ever have. Conduct dozens of experiments, play with cutting edge technologies & watch robots perform SZAKESPEARE (too bit or not 2 bit)... truly WoW...

OLD TOWN SQUARE etc. Rynek (G2)- Another Elephant in the increasingly crowded room of elephants... It's a difficult topic because... Gorgeous & historic originally built in the 13th C... then the Nazis retreating during the WARSAW UPRISING absolutely leveled the Old Town & left a sea of rubble. Over the last 60 years the square has been restored... cookie cutter perfect. It is almost a strictly Tourist only zone... A quick walk around takes only about 30 mins. We especially suggest hanging around on the wall overlooking the Wisłuta...

WILD AT HEART.
The Wisłuta's (Wisla) THE RIGHT BANK - tempting green space, endless hours of adventures any time of year. Cross crissed by bike paths & covered in wild urban beaches... a bit of Frisbee & sunbat - a pivo fuelled into the 'ves... Even try ice fishing in winter! (in the middle of a city of 2 million...), keep your distance from the tides if you fall in that river you may come out looking more mermaid than a man should... splashSplash!

MUSEUM MAD... NAUSEUM
Warsaw is now the undisputed Museum Capital of Central Europe or if not all of Europe. In the last couple of years the city has rolled out two new world class museums: The recently voted #1 Museum in Europe, POLIN - The Museum of the History of Polish Jews (E1). Not only a fascinating walk through the complicated inns & out's of Jewish & Polish history, it is also an AWESOME architectural landmark, rocking restaurant & all around amazing place to spend half a day. The Katyn Museum in the Warsaw Citadel (C1) tackles one of the darkest chapters of Poland's excessively tragic WWII history - the Katyn forest massacre of thousands of intellectuals at the hands of the Soviets... Heavy stuff but well worth the hike up town is right across the street from the Citadel for a decompression draught or two!

IT'S ALL FUN & GAMES...
however friends be warned... the only green leaves they appreciate here grow on plastic palm trees... as for the ones you roll up & smoke... This one will get you some free Polish language lessons/ friends & a fun bunk bed for some longer nights...
